come to mean Rio Lindo to us.

Because we do, see, and hear things

these entities and impressions will, in

in a special way at Rio,

the months to come, symbolize this year.

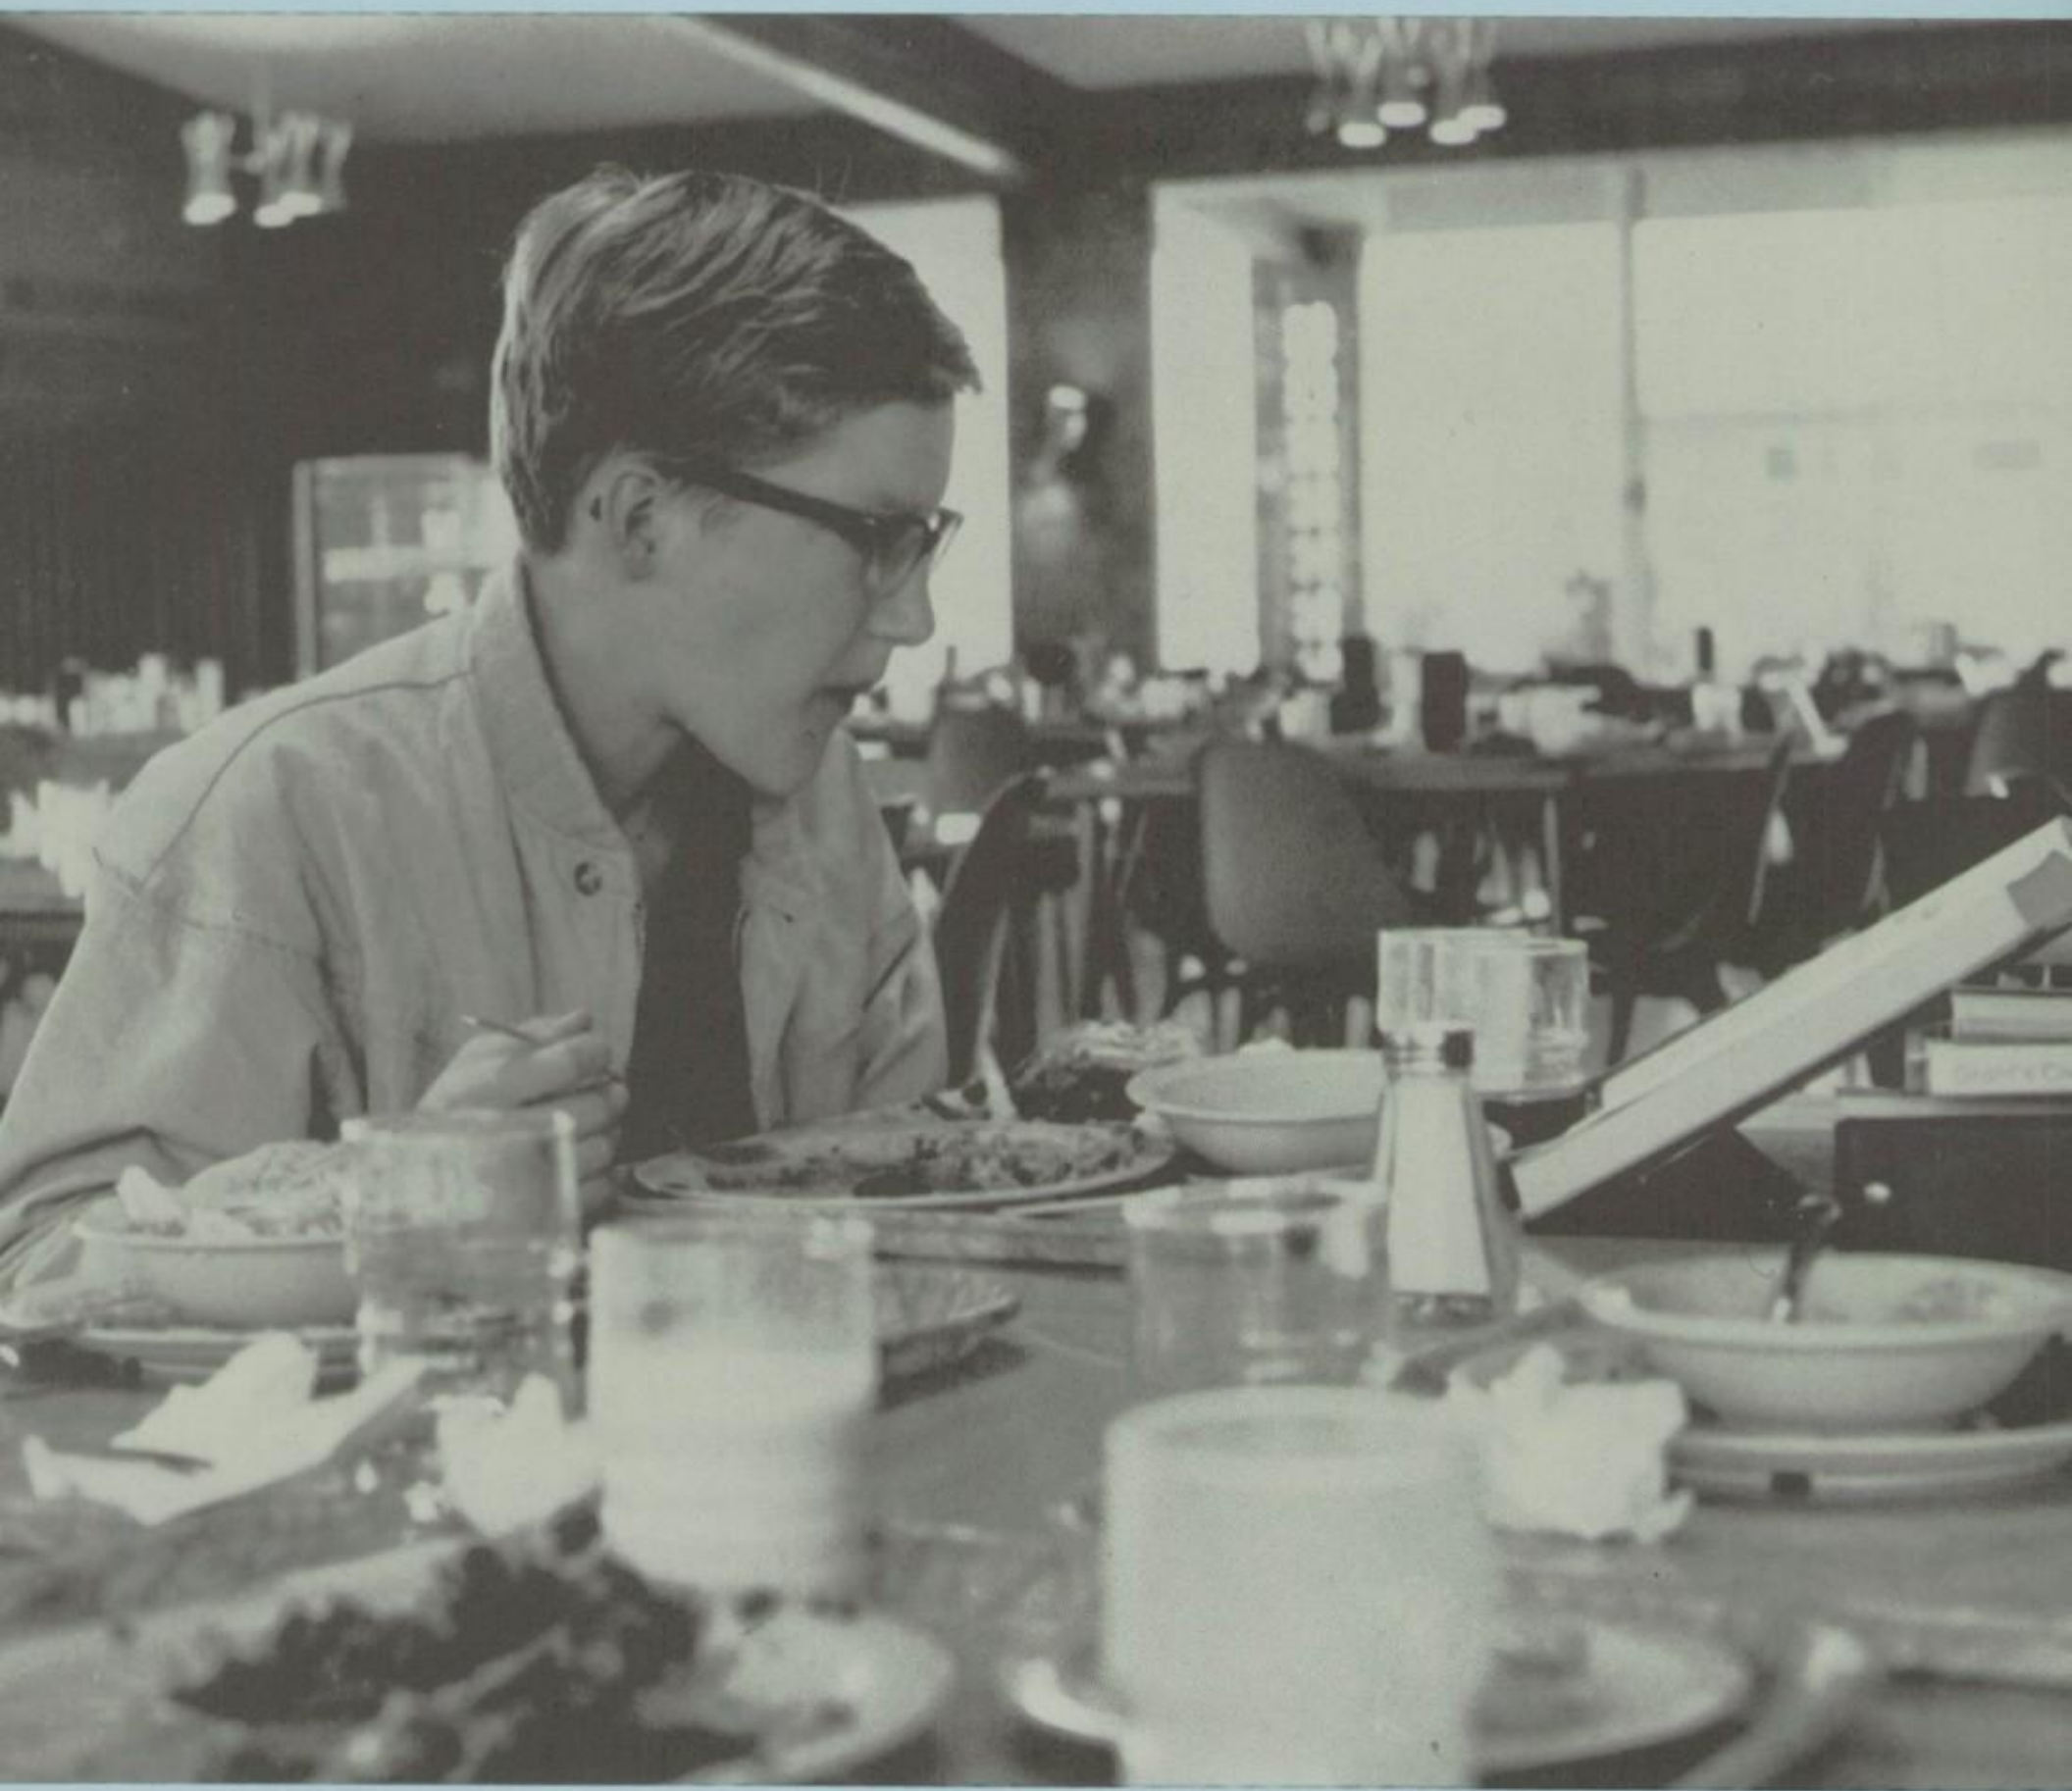

Rio's cliches then, are...

yelling at basketball games,

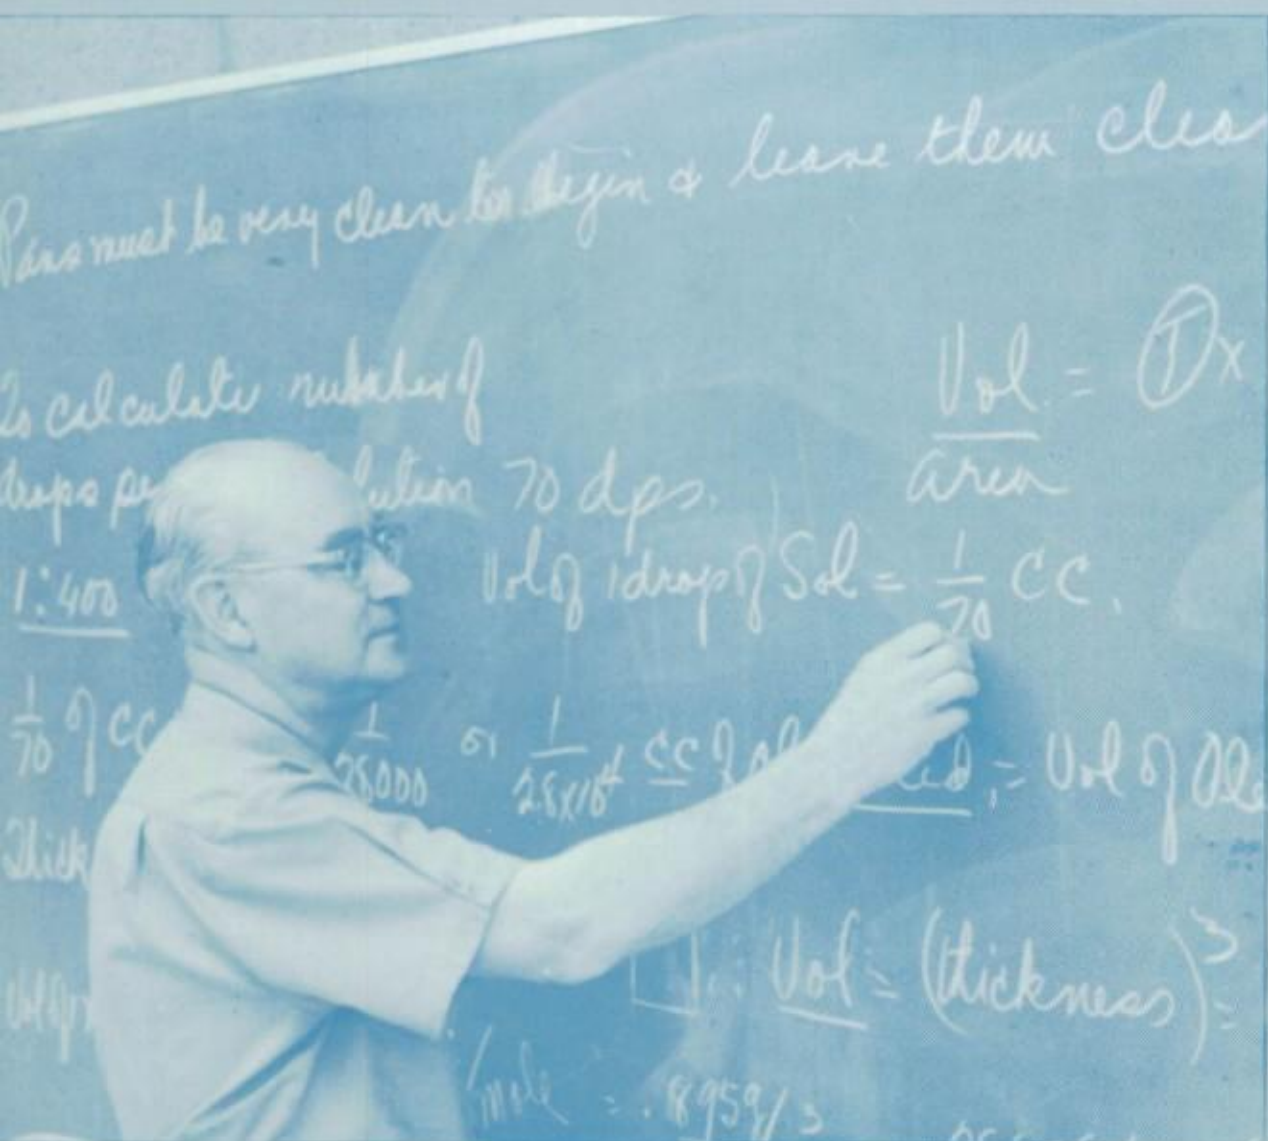

trips in the bus, physics labs...rainy days,

movies in the chapel, and talks in the parlor...

Mr. Mayor,

We wish to recognize a man retiring after forty years of service in the teaching profession. At Rio, he has begun and developed the science curriculum. Personality and dry humor have endeared Mr. Mayor to those students who have known him well.

band rehearsals, chem labs...pets

and Christmas festivities

...walking over the same side walks

for nine months...

letters and money from home, going home,

For the great part you have in our lives, the support you have lended our school, the encouragement and chastisement you have given us, we dedicate this book to you, our parents.

calling home.

all these things happen
elsewhere but because
they happened at Rio
we attach a special meaning
to them...all of them and
400 faces as well.
